

BATE COLLECTION HORNS

698	Horn, A.H. Gisborne	Horn with three valves, of silver-plated metal. In a black case lined with purple textile.	Max Diam. = 280 mm Max L = 435 mm
x606	Horn, John Christopher Hofmaster	Orchestral horn of brass, right-handed, with red-brown lacquer inside the bell, 2-coil crook. x606 and x607 have six extra crooks between them.	Max W = 355 mm Max L = 760 mm Max Diam. = 239 mm
x607	Horn, John Christopher Hofmaster	Orchestral horn of brass, left-handed, with red-brown lacquer inside the bell, 2-coil crook. x606 and x607 have six extra crooks between them.	Max W = 360 mm Max L = 475 mm Max Diam. = 237 mm
603	Horn (Corno da Caccia), Christian Bennet	Horn, corno da caccia, of copper or copper alloy, with brass rim on the bell, brown leather binding.	Max Diam. = 345 mm Max L = 585 mm
605	Horn (Corno da Caccia), Ernst Johann Conrad Haas	Horn, corno da caccia, of brass, inside of the bell lacquered dark brown.	Max Diam. = 360 mm Max L = 645 mm
60	Hand Horn, Invensionshorn, James Goodison	Horn, orchestral hand horn, left-handed, of brass, with six extra crooks of different sizes. Remains of a leaf/floral pattern painted into the bell in gold and black.	Max Diam. = 335 mm Max L = 620 mm
66	Horn, Trompe Perinet, Etienne François Perinet	Horn, trompe perinet, hunting horn, of brass, with eight coils, with copper rim on the bell, bell blackened inside.	Max Diam. = 220 mm Max L = 510 mm
604	Horn (Corno de Caccia), Nicholas Winkings	Horn, corno da caccia, of brass with three coils, leather binding.	Max Diam. = 410 mm Max L = 625 mm
67	Horn, Cor Solo, Lucien-Joseph Raoux	Horn, cor solo, of silver-plated brass, with four extra crooks.	Max Diam. = 325 mm Max L = 625 mm

x6	Horn, Johann Gottlieb Roth	Horn, hand horn, of brass. The bell is decorated with a garland of small circles and fir trees.	Max Diam. = 275 mm Max L = 550 mm
69	Horn	Horn, hand horn, of brass, 4-coil. No mouthpiece.	Max Diam. = 300 mm Max L = 540 mm
62	Horn, Thomas Key	Horn, hand horn, of brass, 1 coil, with an alternative 2-valve tuning slide and a number of extra coils. In original wooden box with several textile-lined compartments.	Max L = 540 mm Max Diam = 290 mm Max Diam [bell] = 292 mm
63	Horn, Smith & Sons	Horn, hand horn, of brass, left-handed.	Max L = 510 mm Max Diam = 280 mm Max Diam [bell] = 263 mm
61	Horn, Jean Hilaire Asté (Halari)	Horn, hand horn, of brass, bell painted green inside with decoration of vases, birds and leafy scrolls in gold.	Max L = 620 mm Max Diam = 340 mm Max Diam [bell] = 287 mm
68	Omnitonic Horn, J. Callcott	Omnitonic horn, of brass, with four coils with sockets into which a radial telescopic tube can be plugged. Inside of the bell is reddish-brown.	Max L = 610 mm Max Diam = 340 mm Max Diam [bell] = 270 mm
			
65	Horn, Courtois	Horn, handhorn, of brass, inside of the bell painted red with a leafy/floral design in gold. No mouthpiece.	Max L = 610 mm Max Diam = 340 mm Max Diam [bell] = 280 mm

x60	Horn	Horn, handhorn, of brass, 2-coil.	Max L = 545 mm Max Diam = 285 mm Max Diam [bell] = 270 mm
600	Horn, Goudot	Horn, French horn, of brass, with two Stölzel valves. The inside of the bell is painted red with a decoration of vases, flowers and wreaths in gold and blue.	Max L = 630 mm Max Diam = 295 mm Max Diam [bell] = 270 mm
6	Horn, Courtois	Horn, handhorn, of brass, with six extra crooks and two couplers, and ivory mouthpiece, all in original case padded with white textile. The bell is painted dark red inside lyres and flowers in gold, blue and red.	Max L = 620 mm Max Diam = 335 mm Max Diam [bell] = 285 mm
637	Horn Part, Bax	Bell joint of a horn, brass, inside painted with Chinese scenes.	Max L = 530 mm Max Diam [bell] = 285 mm
671	Horn Mute	Horn mute, cardboard, 11-sided, wooden base with screw ring and wrist cord, cork strips, painted brown.	Max L = 235 mm Max Diam = 158 mm
670	Horn Mute	Horn mute, of tin, painted yellow, one end bound with leather.	Max L = 200 mm Max Diam = 65 mm
672	Horn Mute, Henry Keat	Horn mute, of brass, with cork strip round one end.	Max L = 223 mm Max Diam = 140 mm
			
602	Horn, Hawkes & Son	French horn, of brass, with three Périnet valves, mouthpiece silver plated.	Max L = 640 mm Max Diam = 340 mm Max Diam [bell] = 270 mm

x65	Horn, Valved Horn	Horn, of brass, with three rotary valves, clock springs, with bell garland of nickel alloy.		Max L = 620 mm Max Diam = 300 mm Max Diam [bell] = 277 mm
601	Horn, Valved Horn, Wilhelm Glier	Horn, of nickel-plated brass, with three rotary valves, clock springs. Mouthpiece not plated.		Max L = 670 mm Max Diam = 325 mm Max Diam [bell] = 257 mm
636	Horn, Couesnon	Horn, of silver-plated brass, with three Périnet valves. A crook appears to be missing.		Max L = 590 mm Max Diam = 350 mm Max Diam [bell] = 260 mm
635	Horn, Leopold Uhlmann	Horn, of nickel-plated brass, with three Vienna valves. Mouthpiece not plated.		Max L = 600 mm Max Diam = 305 mm Max Diam [bell] = 290 mm
x610	Ballad Horn, Robert Addison & Co.	Ballad horn of brass, circular shape with bell at the front, with 3 Périnet valves and one water key. Some nickel alloy fittings.		Max L = 310 mm Max H = 278 mm Max Diam [bell] = 170 mm
621	Posthorn, Rudall Carte & Co.	Posthorn in Eb, of brass, long and straight with flaring bell.		Max L = 943 mm Max Diam [bell] = 83 mm
622	Posthorn, Rudall Carte & Co.	Posthorn in G, of brass, long and straight with flaring bell, with silver mouthpiece.		Max L = 740 mm Max Diam [bell] = 84 mm

620	Posthorn, Boosey & Co.	Posthorn in C, of brass, long and straight with flaring bell, with silver mouthpiece.	Max L = 570 mm Max Diam [bell] = 72 mm
x617	Ballad Horn, Distin & Co.	Ballad horn in C/Bb, of silver-plated brass, French horn shape with valves for the right hand. 3 Périnet valves. Mouthpiece not plated. Tuning slide missing.	Max L = 585 mm Max Diam [bell] = 236 mm
697	Posthorn, David Edwards	Posthorn of copper, long and straight with flaring bell. Bell garland with landscapes, horse and rider, horses and cart, dog running after hare. No mouthpiece.	Max L = 715 mm Max Diam [bell] = 95 mm
6006	Horn	Signal horn, half-moon shaped in one piece, of copper alloy, with two rings (perhaps for attaching a strap).	Max L = 555 mm Max Diam [bell] = 87 mm
x695	Horn	Hand horn of brass, partly silver plated, with a number of silver plated crooks and a set of three valves, partly silver plated. In wooden box lined with red textile, with a separate compartment in the lid.	Max L = 580 mm Max Diam = 330 mm Max Diam [bell] = 272 mm
656	Horn	Postillion's horn or hunting horn, conical with flaring bell, of brass and copper with integral brass mouthpiece.	Max L = 385 mm Max Diam [bell] = 76 mm
611	Horn Part, Rudall Carte?	Set of Samson finger slides from a french horn, with two valves, of brass.	Max L = 250 mm Max W = 140 mm
627	Horn	Horn of brass, with three rotary valves, bell garland of nickel alloy. No mouthpiece.	Max L = 355 mm Max Diam [bell] = 274 mm
x63	Hunting Horn, Marcel-Auguste Raoux	Hunting horn of brass, no mouthpiece.	Max L = 655 mm Max Diam = 390 mm Max Diam [bell] = 275 mm
x608b	Horn, Trompe Militaire, Billaudot	Horn of brass, 3 coil with sliding mouthpipe, no mouthpiece.	Max L = 655 mm Max Diam = 380 mm Max Diam [bell] = 262 mm
x608a	Horn, Trompe Militaire, Billaudot	Horn of brass, 3 coil with sliding mouthpipe, no mouthpiece.	Max L = 655 mm Max Diam = 380 mm Max Diam [bell] = 262 mm

628	French Horn, Rudall Carte & Co.	French horn of brass, with three Périnet valves, socket for music holder on the tubing of the third valve. No mouthpiece.	Max L = 570 mm Max Diam = 355 mm Max Diam [bell] = 280 mm
x626	French Horn, Hawkes & Son	French horn of brass, with three Périnet valves, socket for music holder on the tubing of the third valve. No mouthpiece.	Max L = 580 mm Max Diam = 350 mm Max Diam [bell] = 270 mm
x64	French Horn, Boosey & Co.	French horn of brass, with three Périnet valves, silver-plated mouthpiece.	Max L = 590 mm Max Diam = 360 mm Max Diam [bell] = 280 mm
6003	Hunting Horn, Plesshorn	Hunting horn in Bb of brass with three valves, coil partly wound with green leather.	Max L = 390 mm Max Diam [bell] = 132 mm
619	Hunting Horn, Plesshorn	Hunting horn of brass, no valves, coil partly wound with green leather also a carrying strap of green leather and a short chain on the mouthpiece.	Max L = 375 mm Max Diam [bell] = 135 mm
10182	Horn Part	Valves from a horn, two valves with tubing.	Max L = 255 mm
10208	French Horn, van Cauwelaert	French Horn, of brass with three perinet valves and three extra crooks, mouthpiece and spare tuning slide (complete with case)	Max Diam = 360mm Max Diam [bell] = 265mm
